

## OUMC FACILITIES REVIEW FORM - CHILDREN'S MINISTRY - PARENTS

	QUESTION	SUMMARY
1	On a scale from 1-10, with 1 being worst and 10 being best, how would you rate our Children's Ministry facilities? buildings? ministry environments? furnishings?	Our Children's Ministry Facilities received an average rating of 7.42, which was the result of a wide range of responses which were mostly high ratings, with a couple of very low ratings mixed in as well. The high rating was 10, and the low 1. Most ratings were 7 or above.
2	What specific improvements would you like to see made to our Children's Ministry facilities at OUMC?	More/Better security in hallways, one entry and one exit. Better playground for older kids, and playground lighting. An indoor play area. More activities in the summer, particularly Wednesday evening. Children's Bells. Updated paint, and equipment, multi-cultural inclusion, better furnishings. Snack Machine and Kid refreshments. Would like for children to participate in communion. Security.
3	What improvements could be made to our Children's Ministry facilities that would help us better attract new children and their families to OUMC?	An indoor play facility that could be rented out for birthday parties. Our kids could invite friends from outside and from within the church. There is only a very basic curriculum being used in the 11am hour only, we need much more. 9:30 class needs instruction. Our children love Kid's Ministry! Security needs to be key. A 5 Day/Week Preschool program is needed. Indoor play area that can be rented out to public. Brings in lots of people from outside the church and money for our programs/buildings.
4	Relative to other areas of your involvement at OUMC – what would you like to see done with our facilities to make that better for you and to help us pursue our mission of making disciples?	The kids do a lot of crafts, but perhaps providing age appropriate Bibles or Bible Study books would be helpful. Invite Big Fish Summer Camp to return. More supplies on hand. Security. Environments are good and bright, but there could be more personalization of and for the Church Kids. Names on the walls in classrooms, etc. Supplies seem to relate more to KDO. Hallways and entry points into Children's areas need to be cleared - Choir Robes, Random Cabinets, stained carpeting replaced.
5	If money were no object, what facilities related improvements would you like to see made to our Children's Ministry facilities at OUMC? Buildings and/or furnishings/equipment.	Family Pool, Walking Trail, Landscaped courtyard/outside area for reflection/meditation areas. Updated furniture and lighting, indoor play area, picnic facilities with bathrooms. An entirely separate Children's Wing that has one primary entrance and exit with dedicated restrooms for the older kids and "en-suite" restrooms within the classrooms for the toddlers. A New Children's Building. Larger outdoor area for the children. The wing should be able to be entirely locked down while children are present. Outdoor classroom, Chapel for Children's Church, more, and more comfortable furniture in classrooms. A playground more appropriate for older children. Our children need a new building with fewer access points and better security. We would love to see a sports area as well. Maybe down in the field? A recreational multi-purpose field.

## OUMC FACILITIES REVIEW FORM - CHILDREN'S MINISTRY - PARENTS

	QUESTION	SUMMARY
6	<p>What other thoughts would you like to share on how we could improve our facilities here at OUMC?</p>	<p>If outreach in th community is a goal, then a nice facility for church members to invite friends would be a key, if not an indoor playground, perhaps a covered picnic pavilion with bathrooms on campus would be a nice addition, and it could be used by more than just the children’s ministry. We absolutely LOVE Ms. Danielle &amp; Ms. Stacie, and believe they are doing an amazing job. Provide them with the support they need and this ministry will continue to grow! I would like to see better developed curriculums, and updated bulletin boards for parents. Security. Make sure all the doors lock properly. Active Shooter training as part of security. A big pavillion outside where we could grill hamburgers and hotdogs.</p>
