Yoga, Spanish, music, regular programs and should financially pay for children's director and itself

Because the rooms are used constantly by so many different groups there is limited visibility that KDO even exists to people new to the church. There is nothing designated as KDO on the rooms. The signs at the doors designate Sunday School rooms so that is confusing to KDO Parents coming in for the first time.	It would be very nice to have rooms that are KDO only that have at least one window in them. It would be great to be able offer a 3 days per week program. I would love to see a KDO designated eating area with tables and chairs designed for young children rather than having the 4 year olds having to sit at the tall rectangular tables on the adult folding chairs.	I think that we have a terrific program to offer to the community. Most of the KDO students do not attend church here so it is actually a good outreach program. It would be nice to be able to grow the program to have even more impact on the community.

A new childrens'/youth area with ample storage and larger classrooms.	I think KDO is a good steward of available resources at this time and provides a needed service in our community.

7	Written					7	9	7	Ideally, bathrooms in more classrooms, and larger hallways- it gets tight in the hallways during drop off and dismissal.	Covered playground outside. Fresh Mulch outside. More classroom bathrooms.	
8	Written					10	10	9	I think the facilities are very clean, well utilized and well loved. Love the new bathroom.	Not sure. Think it's well organized and more importantly the staff (all) are incredibly friendly, knowledgeable, and communicate with parents.	Maybe organizational bins for the shelves, an easier toddler table, it's a little difficult to get children in and out. Doing a wonderful job!
9	Written					10	10	10		More buildings add an elementary school! Maybe more space ould allow for a program that is more 3 days a week - more preschool like?	For a 2 day a week program I think the facilities are great. The kids have space to move/run/play inside and out. The bathroom improvements made in 2017 are really nice.
